

Spring Newsletter

New projects, recruits and charity partnerships!

With Winter out of the way, we have pleasure in presenting the latest goings on at Thinking Space towers! This edition of the newsletter introduces you to some new members of staff, an overview of our latest project deliveries and our recent charity events. We've also showcased an excellent project recently completed for WhiteTower Energy. We hope you enjoy!

CASE STUDY

WhiteTower Energy

At the end of 2023, Thinking Space delivered a turnkey fit out project of a power station control room for WhiteTower Energy. The scope included the strip out and refurbishment of the control room space and supporting rooms including a server room, meeting room, offices, kitchen, toilets and changing facilities. The control room furniture included 2 large multi-operator consoles.

Exhibition Season

It's been exhibition season for the Thinking Space and Kanya sales teams, with shows in February, March and April!

The Kanya team attended Southern Manufacturing to showcase the latest workbench and conveyor solutions. Paul and Darren travelled to Geneva to demonstrate the new height adjustable video wall system to the ATC market.

In April, the Thinking Space sales team was fully present at the Security Event at the NEC! All shows were a huge success, thank you to everyone that took the time to come say hello!

New Recruits

WELCOME TO...

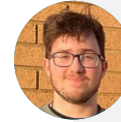

We're thrilled to welcome three new team members to our Thinking Space family. Joel and Constantin joined in December 2023, adding great value to the Design team. Constantin is showcasing projects with innovative Lumion software and Joel is working across the board on Thinking Space, Kanya and MW designs. Ryan joined the Sales team in January 2024 bringing a wealth of experience and knowledge.

Charity Events

Thinking Space begin supporting Alfie's Wish Charity

This year, Thinking Space are delighted to have chosen Alfie's Wish as their nominated charity. This is a local Romsey charity supporting children with cancer and their families by funding days out to help make special memories. So far we have had our annual Easter egg raffle, in May we entered a team in the Romsey Relay Marathon and we will be Walking the Test Way again in September.
